

Making Fruit Salad

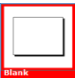

Using MaxShow you are going to write about how you make fruit salad.

The skills you will use:

Math Skills - Fractions: whole, half, third and fourth.

Technology Skills - Inserting, drawing, editing and copying pictures. Creating and saving a presentation.

Getting Started:

1. Open MaxShow.
2. Click the **New**  button on the Home tab.
3. Click the **Blank**  button.
4. Click **OK**.

Steps in making fruit salad:

1. Washing your hands.
2. Reading the recipe.
3. Getting out your utensils.
4. Getting the ingredients listed on your recipe.
5. Washing and peeling the fruit
6. Cutting and mixing the fruit.

Max's Toolbox Tips:

Using Clipart in MaxPaint to create pictures

Max's Toolbox Demo: The [Using Clipart in MaxPaint to create pictures](#) demo shows you how to combine pictures from Max's Toolbox to create your own picture in MaxPaint.

Applying Transitions and Animations to your slides

Max's Toolbox Demo: The [Applying Transitions and Animations to your slides](#) demo shows you how to apply transitions to your slides and animations to text, shapes and pictures.

Max's Toolbox Instructions: The [Applying Transitions and Animations to your slides](#) instruction sheet provides you with step by step instructions on how to apply transitions to your slides and animations to text, shapes and pictures.

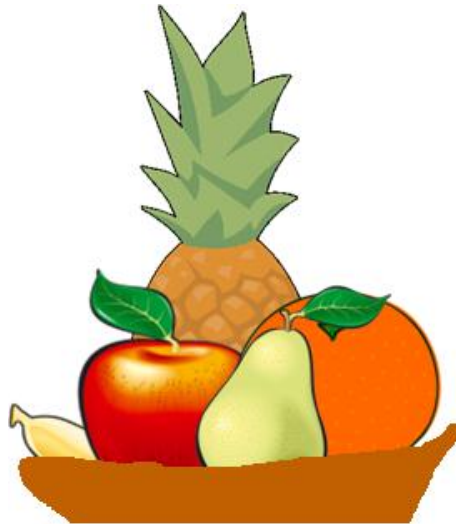

Making Fruit Salad Activity Worksheet

Your title page

In addition to typing the title for your presentation you may like to create your own picture of fruit and insert it on the title page. Below is an example of combining fruit found in Max's Toolbox clipart and using MaxPaint to create a new picture. Watch the [Using Clipart in MaxPaint to create pictures](#) demo to see how to create this picture.

Page 2

Type the recipe below and include pictures of the correct number of whole fruit needed from the recipe.

- 1/4 of a pineapple
- 1 and 1/3 bananas
- 1 and 1/2 apples
- 1 pear
- 3/4 of an orange
- 3 cherries
